Experience

El Color de mis Rêves

Imagine a place where you can listen to the river, feel the texture of nature and see the diversity of birds in an extreme landscape surrounded by forest and mountains... And you, in a tent, with all the comforts as in your home but under the unique style of our Glamping.

El Color de mis Rêves

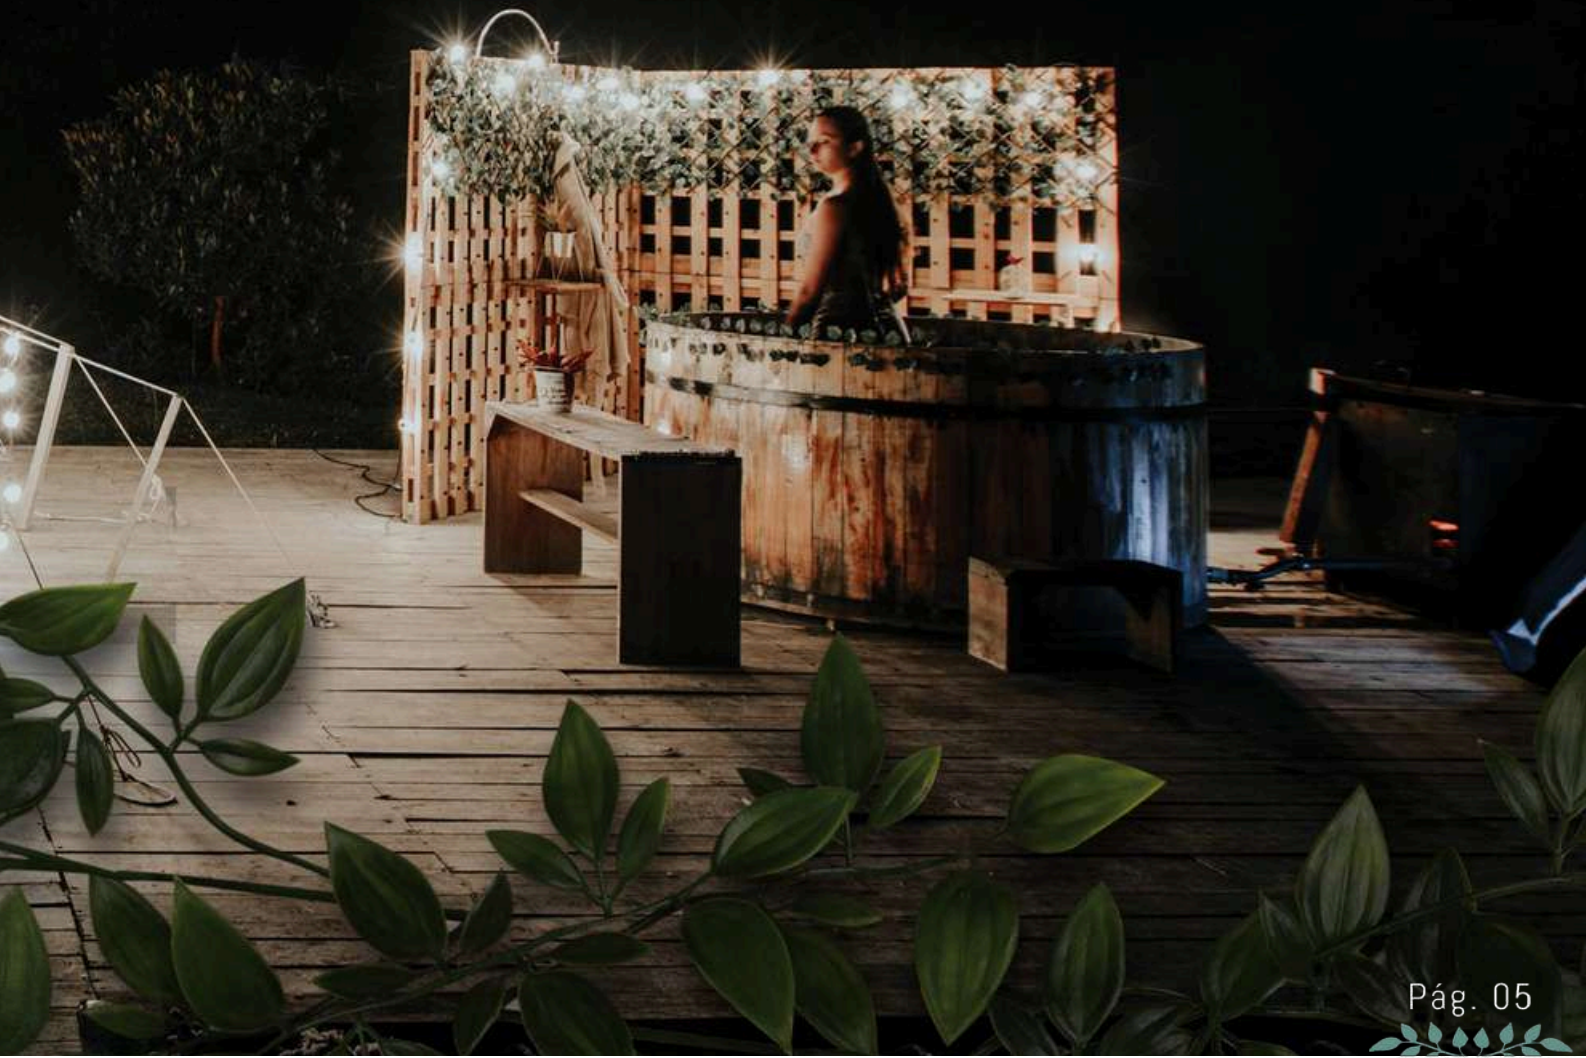

Our Glamping is located a few minutes from the city of Manizales - Caldas, in the high foggy forest of the "Central Mountain Range of the Andes" at 2,850 m.a.s.l., along the old road to "Nevado del Ruiz". Around, we have 3,893 hectares, 489 species of birds identified in the forest, and 83 that reach the Glamping and you can get to contemplate.

El Color de mis Rêves is a place where you will be able to disconnect yourself from the city to live an adventure with nature, staying in our independent luxury tents, which will make you live a true immersion in the forest and enjoy outdoor activities such as birdwatching, trekking, hiking, catch a shooting star, sunsets, river walks and campfires.

Tents

El Color de mis Rêves has 5 tents and 1 cabin specially equipped for cold climates and for the type of height of the zone: 2,850 m.s. n.m. Each tent has a special name according to your location and what you can see from there.
